

Cardioversion of Atrial Fibrillation

Prof. Dr. Andreas Götte, St. Vincenz-Krankenhaus GmbH Paderborn

UNI-MED, 2nd edition 2014, 112 pp, Hardcover, ISBN 978-3-8374-2324-2, Euro 4,95

ePDF-version: ISBN 978-3-8374-6324-8, Euro 4,95

Cardioversion is one of the most frequently used therapies to terminate atrial fibrillation. The 2nd edition of this book summarises the current knowledge and practice in accordance to the latest update of the ESC-guidelines 2012 on atrial fibrillation management.

Practical tips are included and hence the book is both a treatment manual and a reference work.
